

Bourrée 3T : Bal Limousine

Comp. : Trad. France

Disc. : Ciac Boum, Benoit Guerbigny

Notes: The music is traditional (possibly a mix of two traditional tunes), but the choreography is not—it's a mixer. Ciac Boum may be responsible for the big trend of this mixer, which mixes 3-time bourrée with a ronde. As for "Limousine": not a stretched car, but the Limousin region in France.
